PURPOSE

According to the Centers for Disease Control and Prevention (CDC), vaccinations are among the most effective tools to fight illnesses and improve public health. To control vaccine-preventable illnesses, DeKalb Public Health (DKPH) is seeking proposals for a limited number of community outreach projects to increase DeKalb County's adult vaccination awareness and vaccination rate, specifically for racial and ethnic groups.

OVERVIEW OF CONTRACT FOR LEAD DEKALB INITIATIVE

The DeKalb Public Health (DKPH), Health Assessment and Promotion Department (HAP) created the Local Efforts towards Addressing Disparities in DeKalb (LEAD DeKalb) initiative. This initiative aims to improve health, prevent chronic disease, and reduce health disparities in DeKalb County. The LEAD DeKalb program is funded by the Centers for Disease Control and Prevention (CDC) as part of their Racial and Ethnic Approaches to Community Health (REACH) program. DKPH has received the REACH Grant for a third 5-year term, with a current performance period of September 2023 through September 2028.

DKPH and its partners collaborate to implement tailored, community-based, participatory initiatives that (1) improve nutrition, physical activity, and weight management among the African American and Latinx populations in target census tracts and (2) increase vaccine uptake among African American and Latinx populations.

With this solicitation, we aim to increase the adult vaccination rate, improve access to vaccination opportunities and spread adult vaccination awareness by addressing barriers to adult vaccinations in DeKalb County. The community outreach projects should prioritize their services to individuals who are underinsured and uninsured through routine adult vaccination efforts, including but not limited to COVID-19, flu, shingles, pneumonia, and Hepatitis B in communities that have low adult vaccination rates. Zip codes of concern include but are not limited to 30032, 30038, 30058, 30083, and 30083. "Moreover, funds may be used to host educational townhall meetings to discuss vaccination barriers and increase awareness of the benefits to vaccinations such as preventing the development of Long COVID-19."

In addition, REACH LEAD DeKalb will equip, educate, and empower trusted messengers in the community to support vaccine education and delivery. Each Community Partner recipient will be trained as a trusted messenger to assist with increasing vaccination confidence in DeKalb County. A train-the-trainer model will be utilized to train the Community Partner recipients and other trusted messengers during the contract term. Each Community Partner recipient is required to train a minimum of 5 trusted messengers per award cycle.

DKPH encourages applicants to be innovative and creative in developing their outreach programs as long as the organization meets the requirements of the solicitation guidelines. All questions regarding this solicitation can be sent in writing via email to dph-dcbohpurchasing@dph.ga.gov.
