- Design & Execute Youth Programs: Plan and deliver adolescent health workshops, training, and outreach events especially during key Adolescent Health observance months.
- Facilitate Risk Reduction Curricula: Deliver state-approved health education programs focused on risk reduction strategies for youth in schools, community centers, and other relevant settings.
- Collect & Analyze Community Data: Administer digital surveys, manage data collection tools, and analyze feedback to measure program effectiveness and inform future initiatives.
- Collaborate & Report: Communicate regularly with local partners and agencies, attend internal training, and submit timely reports to county, state, and federal stakeholders.
- Must be available on some weekends.
- Can work up to 23 hours per week, with hours fluctuating due to involvement across two separate grant programs.

MINIMUM QUALIFICATIONS: Bachelor's degree in education, social, behavioral, or biological sciences or a directly related field from an accredited college or university.

PREFERRED QUALIFICATIONS: In addition to the minimum qualifications, preference will be given to applicants who:

- Bachelor's degree in Public Health, Health Education, Social Work, Psychology, or a related field.
- Bilingual, Spanish preferred.
- 1–2 years of experience working with adolescents in a community-based or educational setting.
- Familiarity with evidence-based health promotion and youth risk reduction curricula.
- Strong communication and interpersonal skills, with the ability to engage in diverse communities.
- Experience with data collection, reporting, and working within grant-funded programs.
- Proficient in Excel, PowerPoint, Microsoft Word, and other Microsoft Programs.
