LOCATION: Richardson Health Center

DIVISION/DEPARTMENT: Epidemiology

SALARY INFORMATION: \$66,158.17 Annually / Pay Grade M / Job Code HCP181

DUTIES: Under general supervision, plans, develops, and conducts epidemiologic investigations, surveillance, and interventions to evaluate retention care patterns in People Living with HIV/AIDS (PLWHA). Collects, analyzes, and interprets statistical data and prepares epidemiologic reports. Serves as an intermediate-level professional epidemiologist, responsible for carrying out a broad and complex range of analytical epidemiologic activities related to surveillance, detection, and prevention of HIV/AIDS. Works independently or as an experienced team member. Synthesizes and communicates epidemiological data for educational purposes to internal and external partners. Translates data to public health recommendations. **As per grant funding requirements, this position may occasionally require hours outside the defined work schedule, plus weekends.**

TYPICAL TASKS:

- Under general supervision, collect and analyze HIV/AIDS related data for the Early Care Clinic's Ryan White Program.
- Investigate data trends and patterns in People Living with HIV/AIDS (PLWHA) including (trends in HIV/AIDS diagnoses, HIV/AIDS related deaths, and other pertinent factors in the HIV Care Continuum) to help address HIV care retention.
- Create and submit monthly updates and quarterly reports on data findings to the Ryan White Program and for other stakeholders or public.
- Complete any other data related tasks as assigned.
- Correlate HIV surveillance data to other datasets to become cognizant of specific aspects of HIV on a local, state, and national level.
- Present at professional meetings and collaborate with public health and academic partners.

MINIMUM QUALIFICATIONS: Bachelor's degree in any field from an accredited college or university AND Three years of experience performing epidemiologic work or work in a closely related field

OR

Two years of experience at the lower-level Epidemiologist 1 (HCP180) or position equivalent

PREFERRED QUALIFICATIONS: In addition to the minimum qualifications, preference will be given to applicants with experience demonstrating competence in conducting public health surveillance, analyzing epidemiologic data, and implementing control measures. Preference will also be given to applicants who have experience working with PLWHA.

NOTE: Thank you for your interest in DKPH. Due to the volume of applications, we are unable to provide application status by phone or email. All qualified candidates will be considered but may not necessarily receive an interview.

Selected applicants will be contacted for next steps. Applicants who are not selected will not receive notification. We have the right to close any position at any time for any reason.

Employment with DeKalb Public Health is not complete or official until applicants meet all pre-employment requirements. Requirements for this position may be subject to: Pre-Employment Drug Screening, Criminal Background Check/Fingerprinting, Previous Employment Reference Check, Specific Immunizations, Motor vehicle check, and/or Education and/or Licensure verification.
